

# KWS ORWELL

Winter Barley

KWS B105 x KWS Salsa

SEEDING  
THE FUTURE  
SINCE 1856

## Still the UK's most popular winter barley!

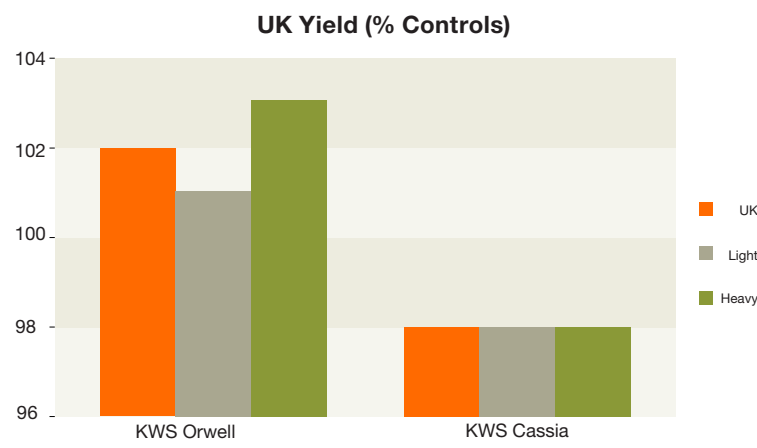

- Highly consistent across regions
- Stiffest 2-row variety
- Good combination of wet weather disease resistance

KWS Orwell delivers a step up in straw strength and yield over existing 2-row feed varieties.

KWS Orwell is super consistent, no matter the site or the season it yields well; in RL trials over the past 5 very contrasting growing seasons, it has delivered 102% of controls; totally dependable, a feature that many growers have come to rely on.

It is short and stiff, with good all-round wet weather disease resistance scores, other than for mildew which needs watching.

Good physical grain quality and low screenings are two other key characteristics of KWS Orwell.

KWS Orwell	
<b>Yield (% treated controls)</b>	
UK	102
East	102
West	102
North	101
<b>Disease</b>	
Mildew	3
Brown Rust	7
Rhynchosporium	6
Net blotch	5
BaYMV	R
<b>Agronomy</b>	
Screenings (% through <2.25mm)	2.1
Screenings (% through <2.5mm)	6.3
Resistance to lodging	8
Maturity (+/- KWS Orwell)	0
Height (cm) without PGR	89
Sp.Wt (kg/hl)	68.1
